Isaac Enyinnaya Oti

Software Engineer

👤 Male | 📍 Nigeria

Citizenship: Nigeria

With over 6 years of professional experience, I am a highly skilled mobile developer specializing in building robust, scalable, and user-focused applications. I have deep expertise in Flutter and Dart, complemented by solid proficiency in React Native, and JavaScript. One of my most significant career achievements is leading the development of a securities trading app, which is now used by over 50,000 daily active users.

Professional Experience

● Lead Mobile Developer
Greenwich Merchant Bank

Mar 2022 - Present

- Developed and optimized a cross-platform online trading mobile app using Flutter and Dart.
- Enhanced app performance across various devices, screen sizes, and orientations.
- Participated in various phases of the Software Development Life Cycle (SDLC).
- Built a Node.js-based middleware layer between the API and backend logic, boosting scalability, speed, and security by 25%.
- Conducted thorough testing and debugging, resulting in a 30% reduction in app crashes.
- Experience with Model-View-Controller (MVC), Model-View-Presenter (MVP), and Model-View-ViewModel (MVVM) design patterns.
- Integrated RESTful APIs with JSON responses to enable seamless data exchange, reducing app crash rates by 15%.
- Collaborated closely with UI/UX designers to deliver intuitive, user-friendly interfaces, increasing user engagement by 20%.
